EDUCATION

2010 - 2014 The University of Limerick
B.Sc. in Music, Media & Performance Technology
Subjects studied include: Graphic Design, Interaction Design, Digital Media Software & Systems, Human Computer Interaction, Computer Graphics, Performance Technology, Media Programming, Web Development, Digital Visual Fundamentals, Project Management.

2004 - 2010 Mary Immaculate Secondary School
Successfully completed the Leaving Certificate programme.

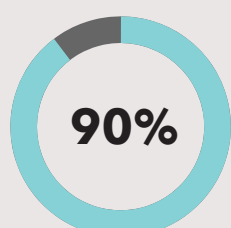

WORK EXPERIENCE

Mar - July 2016 Graphic Designer Wondl UG/SpeechAngel
At Wondl UG I worked as a graphic designer creating visual content for various marketing campaigns in both print and digital mediums). I designed full brand identities for both of their mobile applications "SpeechAngel" and "Recipe Genius". I also developed the UI for both applications.

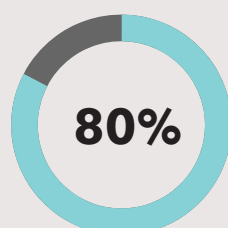

2014 - Freelance Graphic Design
I have been Freelancing for the past two and half years working on various projects that could bolster my knowledge in all areas of design. This has lead to securing contracts for government agencies and advertising campaigns giving me some stature in the market.

2012 - 2013 iTRAC Global Software Solutions
I worked here as an intern from September 2012 until February 2013. I then returned for the Summer months of 2013 (full time employment) before my final year of University. My responsibilities included designing visual content for their website, flyers and banners for international trade shows. I also worked as part of the QA team, testing and logging bugs in the bug tracking system.

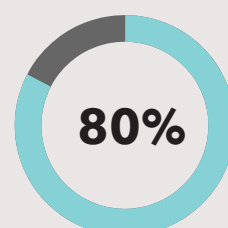

TECHNICAL SKILLS

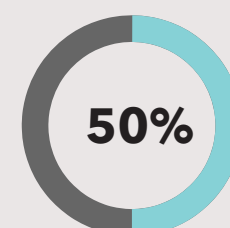

Illustrator

Photoshop

InDesign

HTML & CSS

INTERESTS

As one of the areas of my degree dealt with music technology and production, it is a great personal passion. I like to create my own music in my spare time. I am usually always creating my own artwork and working on side projects. I like to play team based sports and keep fit on a daily basis.
